## Текст объявления:

The developers of the famous complexes Aphrodite Palace and Aphrodite Gardens present a new project – Aphrodite Park. The complex is currently under construction. **The expected completion date is August 2021.** Aphrodite Park will become a natural extension of the Aphrodite Gardens, repeating its style and beauty.

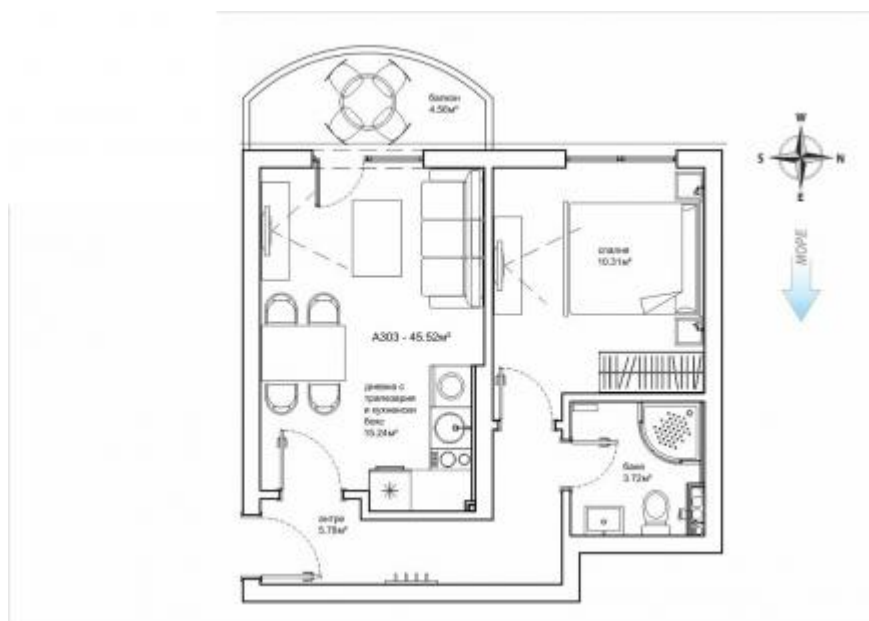

Based on the project, Aphrodite Park will consist of two residential buildings located opposite to each other. The space between them will become a real pearl including a swimming pool and a green yard with a relax area. The complex is designed for 122 apartments.

The buildings are painted in warm sandy colors. The refined architecture, reminiscent of ancient North African motives, is very much like a picturesque oasis. This similarity is underlined with a blue sky of Sunny Beach and green territory around.

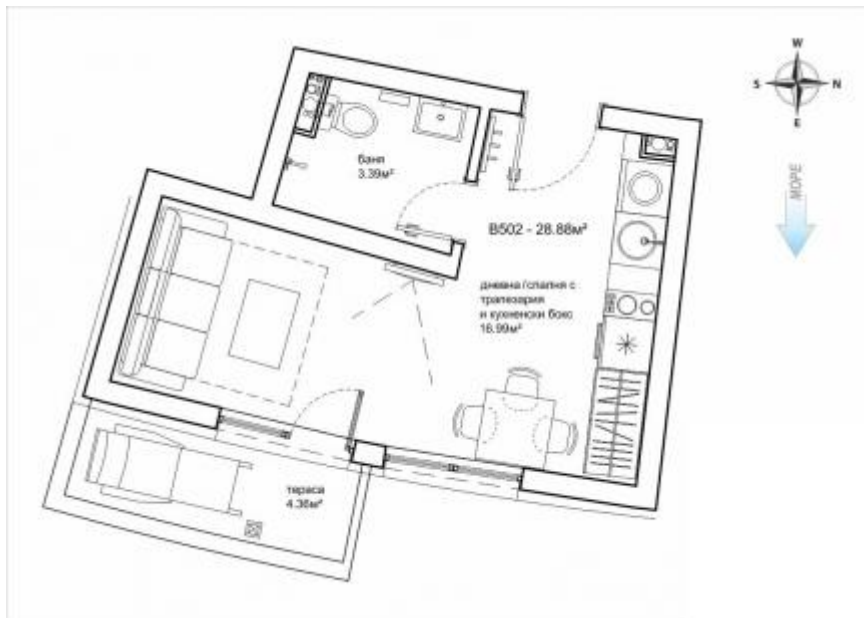

Apart from the pool, in the complex there will be a playground, a restaurant, a sauna and massage rooms. 24-hour security assures safety.

Aphrodite Park is located in a quiet area of Sunny Beach next to a large park. There are playgrounds with entertainment for children, sports grounds, cafes and restaurants. **The sea and a beautiful sandy beach is 10 minutes away.**

**Buying an apartment in Aphrodite Park is an ideal investment. This offers excellent opportunities for permanent residence and summer vacations. You can offer the apartment for rent by yourself or via a management company.**
