Текст объявления:

It is a pleasure for us to offer you apartments from a developer in a wonderful living complex Etara-4 in St. Vlas. This town is well-known for a healthy air with a flavor of the sea and mountains, as well as for a gorgeous nature.

The property is under construction. The apartments of various areas are offered at prices from 900 euro/sq. m and above. The prices depend on the floor, a layout, as well as on views from windows and balconies. Buying the property here, you can order finishing and furniture.

The territory around Etara-4 is naturally green. Here, you will enjoy exotic trees which are unique for the local flora. In the internal yard, there are two pools for kids and adults. The pools are operated only in summer. Near one of them, there is a pool-bar.

The living complex provides 129 parking lots located on two underground levels. Every level has its own entry and exit.

Construction will be complete in 2024.
