For sale: a large one-bedroom apartment in a new living building in the town of Bansko. The town is located at the foot of the Pirin mountains. Thanks to the wonderful location and good infrastructure, Bansko has become a famous ski resort. In winter and spring, the town attracts ski and snowboard enthusiasts. At other seasons, tourists who are in love with nature and culture choose it for vacations and rest.

Unlike many other resorts, Bansko is perfect for permanent residence. There are schools, commercial and municipal enterprises, and sports facilities.

Buy a one-bedroom apartment in a new residential building near the ski lift and the city center! Nearby, there is a restaurant, a bank, and a supermarket.

The complex offers year-round services: a SPA-center, sauna, swimming pool, concierge and underground parking. On the ground floor there is a lobby and a ski storage room.

The fully furnished apartment for sale is located on the second floor. Views of the Pirin mountains open from the balcony and windows facing south-east.

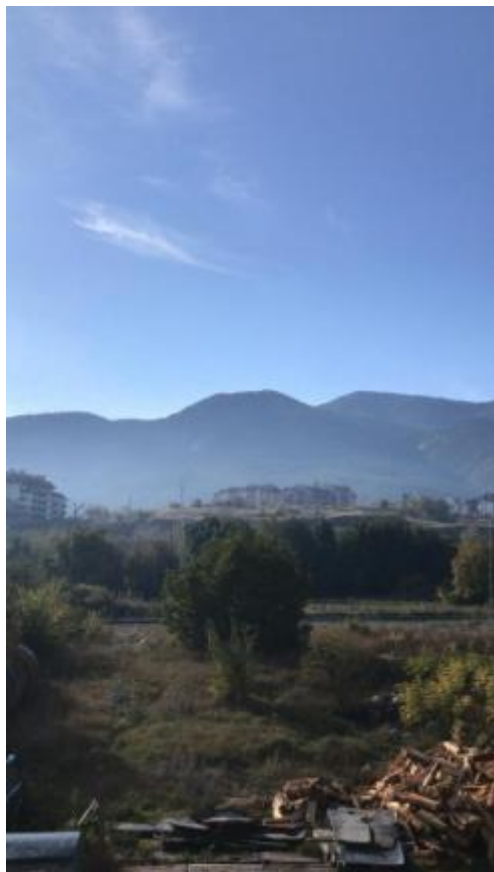

The property is suitable for year-round living, seasonal vacations and rental.

The apartment in Bansko is an excellent investment that combines a splendid location and a good price.
