An excellent offer from Apart Estate – an apartment for sale in a real SPA complex!

There are two swimming pools. An open one works only in summer. An indoor pool is open year-round. Having become an owner of a cozy studio, you can take mineral baths every day – just go down to the thermal water pool straight from your apartment. When you do not live in your property, the managing company will give it for rent and will keep an eye on cleanness and order.

The offered studio apartment is located on the 4th floor of the residential building with an elevator. It is fully furnished and has enough sleeping place for the whole family. The flat has a small room suitable for personal staff and ski equipment. Close to it there is a ski downhill resort Bansko. This will help you diversify your rest with sport activities. In the complex there is an excellent restaurant with affordable prices. You do not need to cook home!

To buy an apartment in this splendid place means to make an investment not only in real estate, but also in your health!
